**A Bill to Reinstate USEU**

---

**Authored by Senator Diaz and Jennifer Covarrubias****Sponsored by Senator Diaz**

- WHEREAS,** The Unión Salvadoreña de Estudiantes Universitarios (USEU) came about in a moment in which the Salvadoran population was being regarded as the 3rd or 4th largest Latino group in the United States, yet that was (and continues to be) far from their representation in academia, and;

- WHEREAS,** members of USEU make the clear distinction that they are the Salvadoreños that have had the life opportunities to make it into this academic space, but remain critical of the conditions surrounding our youth who do not have such opportunities, and;
- WHEREAS,** USEU is dedicated to the transformation of Salvadoran society both in El Salvador and abroad. Through a critical approach of Salvadoran history and the context of reception in the United States and other countries, USEU advocates for alternatives to the depleting neo-liberal model that has succumbed Salvadorans to extreme conditions of marginality; and,
- WHEREAS,** USEU promotes and supports research that seeks to understand and empower their community, while promoting a strong sense of participation on behalf of our members in the transformational approaches of El Salvador, and;
- WHEREAS,** USEU had been recognized as a SAG by the ASUC for the 2009-2010 and 2010-2011 academic years, and;

- WHEREAS,** Senate seats are filled by the Spring Regular Election with terms lasting one (1) year, beginning by the first day of the Fall semester; and
- WHEREAS,** it has been a historical rarity that Senators serve more than one term in the ASUC Senate; and

- WHEREAS,** Two notable ASUC offices that serve 2-Year terms is the Store Operations Board student representatives and the ASUC Judicial Council Justices; and
- WHEREAS,** Such a plan does not disallow 3<sup>rd</sup> year undergraduates from running for office, given the historical precedent of numerous 5<sup>th</sup> year Senators;
- WHEREAS,** this Bill will initiate a referendum on the 2012 Spring Election Ballot to amend the Constitution and By-Laws to make Senate terms 2-years and create a rotational cycle where ten (10) Seats are elected each year in the Spring Regular Election; and
- WHEREAS,** This rotational cycle will begin with a Special Temporary Rule in place for the Spring Regular Election 2013. During this Election cycle Senatorial Candidates may register to run for a two-year term or a one-year term, one or the other but not both. There will be clear distinctions between the 1-Year and 2-year Senatorial Candidates in the Voters Guide and separated by category for the 2014 Election Ballot. Parties will be limited to run a maximum of ten (10) Senatorial Candidates in each temporal category. All rules in Title IV, Article 14.2, will be in effect with the difference of two categories for Senate Offices; and

**WHEREAS,** In the Spring Regular Election 2015 the ten (10) 2-Year Senate seats will be open on the ballot;

**WHEREAS,** By 2015 the rotational cycle of ten (10) seats each year being placed on the Spring Regular Election will be in place and will adhere to the Constitutional Amendments and By-Law amendments that follow; and

**WHEREAS,** Such an organizational reform will create a Senate senior class and junior class; and

**WHEREAS,** Having a stagnated Senate body will strengthen institutional memory of the ASUC organization through the transmitted knowledge from the senior class to the junior class; and

**WHEREAS,** The individual Senate terms will also become more productive given a two-year term period to figure out the complexities of the ASUC, ASUC Auxiliary, Store Operations Board, University Relations, etc. and will promote more completion of Senate campaign goals;

## A Bill in Support of Socially Responsible and Local Investment of ASUC and UC Berkeley Finances

---

**Authored by Senator Albright, Senator Goldstien, Ariel Boone  
Sponsored by Senator Goldstein, Senator Albright**

- WHEREAS,** the explicit purpose of the ASUC includes acting to “*articulate and represent the student interest in the governance of the campus*”<sup>1</sup> and
- WHEREAS,** the short-sighted and failed investment practices among our country’s major private sector finance institutions led to a collapse of our country’s economic system, massive unemployment, the foreclosure of countless mortgages among homeowners, massive declines in revenue to the State of California treasury and subsequent and dramatic cuts to community college and social services’ funding throughout the state; and
- WHEREAS,** as a direct result of reduced state funding, the University of California, Berkeley has been forced to cut hundreds of classes and to make deep cuts in vital student support services affecting thousands of students; and
- WHEREAS,** UC Berkeley students, and by association the ASUC, have an interest in reducing the number of foreclosures across Alameda County and throughout the state because of the adverse impact to students and their families, and also because of the potential and real losses to the state treasury because of devalued property rates; and
- WHEREAS,** UC Berkeley and the ASUC currently maintain banking relationships with for-profit finance institutions such as Bank of America, among others, for a range of financial services and transactions, under which the ASUC’s current account of approximately \$3.5 million is held uninsured; and
- WHEREAS,** the explicit and legally required bottom-line for our country’s major banks, and particularly for-profit finance institutions, is to maximize profits for their shareholders rather than to benefit the communities and students UC Berkeley aims to serve; and
- WHEREAS,** the ASUC’s mission is better aligned with the goals of Community Banks, membership-based Credit Unions, and Community Development Financial Institutions (CDFIs), that often operate from a “triple-bottom-line” that allows them to place importance on educational, financial, social, and environmental goals while meeting the needs of its communities; and

---

<sup>1</sup> Preamble, ASUC Constitution.

- WHEREAS,** the ASUC further wishes to take leadership in supporting our local service area economy by, to the administrative and legal extent possible, investing our financial resources locally; and
- WHEREAS,** Student loan debt now comprises more gross debt than credit cards, second only to mortgage debt nationwide; and
- WHEREAS,** Bank of America is one of several large finance institutions currently under investigation by Attorney General Kamala Harris for mortgage abuses, unlawful foreclosures, the sale of troubled-mortgage-backed securities, and various disservices to the people of California, for which she refused a monetary settlement and is in current negotiations<sup>2</sup>; and
- WHEREAS,** It is conceivable that student tuition and California taxpayer money, once paid to UC Berkeley and in the coffers of Bank of America, furthers the interests of this for-profit banking institution at the expense of all those served by UC Berkeley, California's premier public university; and
- WHEREAS,** November 5th, 2011, was National Bank Transfer Day, and students comprised the majority of customers who subsequently opened accounts at credit unions in Berkeley, California; and
- WHEREAS,** While reform of the state budget in Sacramento has a deep impact on UC Berkeley's ability to serve its students, faculty, and staff, sound investment practices are an important action to be taken locally; and
- WHEREAS,** nearby educational entities have similarly set the example by deciding to divest from large finance institutions and invest in credit unions; and
- WHEREAS,** The Graduate Assembly of UC Berkeley currently holds its finances outside of large, for-profit finance institutions; and
- WHEREAS,** Peralta Community Colleges, which administers four campuses and over 50,000 students, voted on December 15, 2011 to divest as much of its \$140 million trust as possible from large banks and move this money to local finance institutions; and
- THEREFORE BE IT RESOLVED,** That the ASUC create a temporary committee consisting of four senators, the ASUC President or designee, Finance Officer, and Executive Vice President, to be called the "Financial Investment Committee," to first investigate, then propose how best to bring about a timely, efficient and responsible disinvestment, redirection, and reinvestment of financial resources maintained, influenced or controlled by the ASUC and the Auxiliary; and

**BE IT FURTHER RESOLVED**, that the proposed alternatives to the ASUC's current relationship with Bank of America suggest finance institutions that are

1. A community bank based in Alameda County; or,
2. A credit union local to California; or,
3. A not-for-profit financial institution with ties to Alameda County
4. An insured account for student fee dollars

**BE IT FURTHER RESOLVED**, that the ASUC Executives and Senators issue a recommendation to Chancellor Birgeneau and to the Vice Chancellor of Finance, John Wilton, that specifies all formal investment, banking and/or financial relationships and contracts held by UC Berkeley, its pension funds and subsidiary and/or related organizations (including the names of the entities on the contract, the term of the contract, the value of the contract and/or deposits, payments to date pursuant to the contract, and a description of the services provided; such contracts for financial and other services shall include but not be limited to: maintenance of deposit accounts, custodial agreements, cash management agreements, consultant or advisory agreements, and any agreements related to any services provided in relation to UC Berkeley's issuance and management of its debt portfolio including debt offerings;) should mirror the University's commitment to its students and surrounding community and thus be disinvested from large finance institutions, redirected, and reinvested in local credit-based institutions in a timely, efficient, and responsible manner; and

**BE IT FURTHER RESOLVED**, that the ASUC Executives and Senators issue a similar recommendation to the UC Regents urging the University of California System's finances be disinvested from large finance institutions, redirected, and reinvested in credit-based institutions localized to each respective campus in a timely, efficient, and responsible manner.

**BE IT FINALLY RESOLVED**, that the ASUC External Affairs Vice President issue a formal proposal to UCSA in support of all UC student governments moving their money into local banks if they have not done so already.

**A Bill in Consideration of the Governor's 2012-2013 Higher Education Budget Proposal**

---

**Authored by Senator Fang**

**Sponsored by Senator Fang, Senator Albright, Senator Diaz, Senator Hong, Senator Galace**

**WHEREAS,** Governor Brown released his proposed budget for the 2012-2013 fiscal year on January 5, 2012, which detailed how he would address the \$9.2 budget deficit; and,

**WHEREAS,** this budget proposal includes a specific plan for Higher Education; and,

**WHEREAS,** one component is the Governor's tax initiative, which would provide a funding source for public institutions by increasing state contribution by four percent each year until 2016; and,

**WHEREAS,** while this funding is important to the immediate future of public education, the state should seek other sources of revenue for Cal Grants and higher education in order to provide a long-term funding source, such as an oil severance tax; and,

**WHEREAS,** the California Student Aid Commission (CSAC) is considering several proposals to balance the Budget; and,

**WHEREAS,** several of these proposals could have concerning effects on students who receive Cal Grants; and,

**WHEREAS,** according to the Governor's Budget Summary, over 91,000 students received new Cal Grant awards, and over 144,000 students received renewal awards, in 2010-11; and,

**WHEREAS,** under the Governor's budget proposal, students attending independent, for-profit colleges will receive a maximum reward of \$4000, reduced from \$9708; and,

**WHEREAS,** instead of punishing students for attending these often-costly for-profit institutions, the state should develop regulations to protect students who attend these institutions; and,

**WHEREAS,** the Governor's proposal calls for phasing out loan assumption programs for teachers and nurses who enter underresourced communities; and,

**WHEREAS,** the loan assumption program directly benefits these communities that have been hit hardest by consistent cuts to services and phasing out this program will discourage students from serving in these communities; and,

**WHEREAS,** the intention of increasing the GPA requirement for Cal Grant applicants is to focus the most resources on students who are most likely to complete their degrees; and,

**WHEREAS,** the new GPA requirement will deny 26,000 students across the state access to Cal Grants A and B and will diminish the opportunity for many students to pursue higher education; and,

**THEREFORE IT BE RESOLVED,** that the Associated Students of the University of California (ASUC) urges the State to pursue long-term funding sources for higher education and to develop a Higher Education Budget that is more sensitive to the needs of students, especially those from under-served communities; and,

**THEREFORE IT FURTHER BE RESOLVED,** the ASUC stands in solidarity with California State University and Community College students who are the most affected by the new GPA requirement; and,

**THEREFORE IT FURTHER BE RESOLVED,** the ASUC urges the CSAC to further engage students by making meetings more accessible and welcomes the CSAC to the UC Berkeley campus to allow for more effective dialogue; and,

**THEREFORE IT FINALLY BE RESOLVED,** ASUC President Loomba and EAVP Freeman author and present a letter along with this bill to the CSAC, expressing the aforementioned concerns.
